Are you having trouble using the telephone due to a hearing or speech disability?

Minnesota Relay is a free telephone service that uses specially trained communications assistants to facilitate telephone calls between people with hearing and speech disabilities and other individuals. Calls can be made to anywhere in the world, 24 hours a day, 365 days a year. All calls are completely confidential. To make a relay call dial 711. Once connected to the relay service, tell the communications assistant the type of relay call you wish to make. Or you may dial the specific toll-free number for the type of relay service.

Captioned Telephone Service (CTS)

CTS uses a special telephone with a text display screen so that a person who is hard of hearing *can listen to and read captions* of everything the other person on the call says. You speak directly to the other person on the call, and a relay communications assistant transcribes everything the other person says into captions, which appear on the display screen of your CTS phone.

Internet Protocol Captioned Telephone Service (IP CTS)

Internet-based forms of CTS are available for those who would like to use CTS on a computer, tablet, or smartphone. For more information on IP CTS go to: fcc.gov/ipcts.

Computer (ASCII): 1-800-627-3529

Computer users can access Minnesota Relay. Set your communications software to the following protocols: speeds ranging from 300 to 2400; 8 Bits; No Parity; 1 Stop Bit; Full Duplex. When calling at a rate of 300 or below, follow the above using Half Duplex.

Hearing Carry Over (HCO): 1-800-627-3529

HCO allows a person who can hear clearly but who has very limited or no speech capability to make phone calls. Using a special text telephone, you type your conversation for the relay communications assistant to read to the other person, and listen directly to the other person's response.

Hearing User: 1-800-627-3529

A hearing person may use a standard telephone or mobile phone to place a relay call and speak with a person who is deaf, hard of hearing, or speech disabled.

Internet Protocol (IP) Relay

IP Relay combines text-based relay service that uses the Internet, rather than a traditional telephone line. You can make your relay call using a computer, laptop, tablet, or smartphone. For more information on IP Relay go to: fcc.gov/ip-relay.

Spanish Relay: 1-877-627-5448

Spanish speaking persons with a hearing or speech disability can make relay calls. This is not a translation service – both parties must speak Spanish, and at least one party must have a hearing or speech disability.

Speech-to-Speech (STS): 1-877-627-3848

STS allows a person who has difficulty speaking or being understood on the phone to communicate using his or her own voice or voice synthesizer. The communications assistant revoices your words so that the other person on the call can understand them, and the other person speaks directly to you.

Text Telephone (TTY): 1-800-627-3529

This service allows a person who is deaf, deafblind, or speech disabled to use a TTY to communicate with the other person on the call.

Video Relay Service (VRS)

VRS allows a person who uses American Sign Language (ASL) to communicate over the phone. The VRS user connects to the relay communications assistant via an internet-enabled device with a video camera. The communications assistant relays the conversation back and forth between the parties – in ASL with the VRS user and by voice with the called party. For more information on VRS go to: fcc.gov/vrs.

Voice Carry Over (VCO): 1-877-627-3024

VCO allows a person with a hearing disability, but who wants to use his or her own voice, to speak directly to the other party. The communications assistant then types the other party's response, which is displayed on the VCO user's text telephone.

900 Pay-Per-Call Services

This statement describes your rights under the federal Telephone Disclosure and Dispute Resolution Act with respect to telephone-billed purchases made using 900 pay-per-call services that are billed to you through your local telephone company.

Provide notice of a billing error to West Central (WCTA) by telephone or in writing. The notice must be given within 60 days of receipt of the disputed bill, or from the date the disputed services were delivered, whichever occurs later. Notices should include:

- (1) your name or the customer's name; and telephone number to which the charge was billed;
- (2) the date and amount of the error;
- (3) the type of error you believe occurred; and
- (4) why you believe it was an error.

If you orally communicate that a billing error has occurred, it is presumed that sufficient notice to initiate a billing review has occurred.

You have the right to withhold payment of any disputed amount pending completion of our billing review, and any action to collect any disputed amount by your local telephone company will be suspended pending completion of the billing review. The review will be completed within two billing cycles (two months) after your notice is received. You will not be charged for a billing review.

If it is determined that no billing error occurred, we will send you an explanation setting forth the reasons why it has been determined that there was no error. Your local telephone company will notify you in writing, normally with your billing statement, of the time when payment is due for the portion of the disputed amount that is determined not to be in error. Payment must be made in the normal course of billing or as otherwise provided, but not less than ten days after the request for payment is made. The provider of the 900 service or your local telephone company may take action to collect the sum outstanding that is determined not to be the result of a billing error if you continue to withhold payment of the disputed amount once the billing review is completed.

If there was an error - even a partial error or an error different than what you asserted - your account will be adjusted appropriately.

If you request, we will provide a written explanation and copies of any documentary evidence related to the dispute. Once WCTA has completed its investigation regarding a claim you make of a billing error, it has no further responsibility if you continue to make substantially the same allegation.

The provider of the disputed service will be advised of the disposition of the billing error investigation and the reason for that disposition. Collection efforts by those entities providing the service may continue despite a credit to your bill. In that event, the names, addresses and telephone numbers of the providers are available from your local telephone company.

If we fail to follow the billing and collection procedures prescribed by Section 308.7 of the Federal Trade Commission rule implementing the federal Telephone Disclosure and Dispute Resolution Act, we are obligated to forfeit any disputed amount, up to \$50 per transaction.

Your local exchange and long distance service cannot be disconnected or interrupted as a result of your failure to pay charges for pay-per-call service, charges for information services provided pursuant to a presubscription or comparable arrangement, or charges you have disputed for tariffed collect information services.

You can, on a one-time basis, obtain blocking of access to services offered on the 900 service access code at no charge before January 1, 1994 or within 60 days after your subscription to a new number becomes effective. Other requests for blocking, and requests for unblocking will be subject to a one time fee. Our interstate tariff includes the terms and conditions that apply. Requests to remove 900 service blocking must be in writing.

You have a right not to be billed for pay-per-call services not offered in compliance with Federal laws and regulations established under Titles II or III of the Telephone Disclosure and Dispute Resolution Act.

Your access to 900 service may be involuntarily blocked for failure to pay legitimate pay-per-call charges.

General Information

Annoying, Obscene, and Threatening Calls

If you get an annoying, obscene, or threatening call, hang up immediately. Then pick up receiver and dial *57. If the call was successfully traced, notify the business office. Threatening calls should be reported immediately to the police.

When you hear a “Beep” Tone

A short “beep” tone heard on your telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation. The signal is provided by the Telephone Company for your protection. Use of a recorder with recorder-connector equipment containing a tone-warning device is contrary to the company’s tariffs and is not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When it is disconnected, you will no longer hear the “beep” tone.

Telephone Directories

The directory is an important aid in providing good and prompt telephone service. If your directory is no longer serviceable, please call the business office.

Every reasonable precaution is taken to avoid errors in and omissions from the telephone directory, but the telephone company does not guarantee listings therein and shall not be liable for damages arising out of errors in or omissions from the directory except as provided for in its filed regulations and tariffs.

Consumer Information

If you are dissatisfied with your service, a Telephone Company Representative will work with you to solve any problems you have. Call your local telephone company business office for assistance. If the telephone company does not resolve your complaint, you may request assistance from the Minnesota Public Utilities Commission for further review of your complaint or dispute. The Minnesota Public Utilities Commission’s Consumer Affairs Office (CAO) helps resolve disputes between customers and utility companies. You can call the Consumer Affairs Office at 651.296.0406 or 800.657.3782 or email at consumer.puc@state.mn.us.

Unwanted Telemarketing Calls

The National Do Not Call Registry is designed to stop unwanted sales calls from real companies that follow the law. It’s free to register your home or cell phone number. The Registry is a list that tells registered telemarketers what numbers not to call — but it doesn’t block calls.

Go to DoNotCall.gov or call 1-888-382-1222 (TTY: 1-866-290-4236) from the phone you want to register. It’s free.

If you register your number at DoNotCall.gov, you’ll get an email with a link you have to click on within 72 hours to complete your registration.

See Smart Screening Also, on page 10.

Optional Services at Additional Charge

Current rates and charges are available from your service representative. Call your local business office.

Mandatory Ten-Digit Dialing

The Federal Communications Commission (FCC) has adopted 988 as a new three-digit number to be used nationwide to reach the National Suicide Prevention and Mental Health Crisis Lifeline.

In order for 988 to work in the 218 area code, 10-digit local dialing must first be implemented. To complete local calls, all customers in the 218 area code will need to dial the area code followed by the 7 digit telephone number. 10-digit dialing is mandatory for all local calls in the 218 area code.

If you have any questions regarding information provided in this notice, please call West Central at (218) 837-5151 or go to www.wcta.net for more information. You can also visit the FCC website at <https://www.fcc.gov/suicide-prevention-hotline>.

Articles of Incorporation of West Central Telephone Association

ARTICLE I

SECTION 1. The name of this Association shall be West Central Telephone Association.

SECTION 2. Its purpose shall be to conduct telecommunication and information services on the Cooperative plan. The general nature of its business shall be to acquire, own, construct, hold, lease, contract for, encumber, mortgage, bond, purchase, sell, assign, maintain and operate telecommunication systems and their supporting plants; and all appliances, appurtenances, rights, franchises, pledges and other forms of security necessary and convenient in carrying on the business of this association. It shall also have the power and authority to join with other cooperative associations, profit or non-profit organizations, partnerships or joint ventures, to purchase, acquire or hold stock therein and it shall also have power and authority either for itself or its individual members and patrons, to do and perform every act and thing necessary and proper to the conduct of its business or the accomplishment of the purposes set forth herein or permitted by the act under which this association is incorporated.

SECTION 3. The principal place of transacting business of this association shall be in the Village of Sebek, Minnesota. Other offices for the transaction of business shall be located at such places as the Board of Directors may from time-to-time determine.

ARTICLE II

The period of duration of this Association shall be perpetual.

ARTICLE III

SECTION 1. This Association is formed not for profit and shall not have capital stock.

SECTION 2. The undersigned incorporators shall upon payment of the prescribed membership fee be members of this Association. In addition to the undersigned incorporators any person, firm or corporation may become a member of this Association by acquiring a membership interest as specified hereafter and in these Bylaws. Membership in this Association may be held by users of the telecommunication system or information services in the territory served by this Association and shall not be transferable except with the consent and approval of the Board of Directors.

SECTION 3. Each member in good standing shall be entitled to one vote and no more on any single subject. Voting by mail as provided by statute is permissible, but voting by proxy is prohibited.

SECTION 4. No interest or dividend shall be paid on the membership interest of the members of this Association.

SECTION 5. The Association shall at all times be operated on a cooperative non-profit basis for the mutual benefit of its members. No interest or dividends shall be paid or payable by the Association on any capital furnished by its members. In the furnishing of telecommunication and information services the Association's operations shall be so conducted that all members will through their patronage furnish capital for the Association. In order to induce patronage and to assure that the Association will operate on a non-profit basis the Association is obligated to account on a patronage basis to its members for all amounts received and receivable from the furnishing of telecommunication and information services in excess of operating costs and expenses properly chargeable against the furnishing of telecommunication and information services. All such amounts in excess of operating costs and expenses at the moment of receipt by the Association are received with the understanding that they are furnished as capital. The Association is obligated to pay by credits to a capital account for each member all such amounts in excess of operating costs and expenses. The books and records of the Association shall be set up and kept in such manner that at the end of each fiscal year the amount of capital, if any, so furnished by each member is clearly reflected and credited in an appropriate record to the capital account of each member, and the Association shall within a reasonable time after the close of the fiscal year notify each member of the amount of capital so credited to his account. All such amounts credited to the capital account of any member shall have the same status as though they have been paid to the member in cash in pursuance of legal obligation to do so and the member had then furnished the Association corresponding amounts for capital.

All other amounts received by the Association from its operations in excess of costs and expenses shall, insofar as permitted by law be:

- (a) used to offset any losses incurred during the current, or any prior fiscal year and;
- (b) to the extent not needed for the purpose, allocated to its members on a patronage basis and any amount so allocated shall be included as part of the capital credited to the accounts of members, as herein provided.

In the event of dissolution or liquidation of the Association, after all outstanding indebtedness of the Association shall have been paid, outstanding capital credits shall be retired without priority on a pro rata basis. If any time prior to dissolution or liquidation, the Board of Directors shall determine that the financial condition of the Association will not be impaired thereby, the capital then credited to members' accounts may be retired in full or in part. The Board of Directors shall determine the method, basis, priority and order of retirement, if any, for all amounts heretofore and hereafter furnished as capital. In no event, however, may any such capital of the Association be retired unless, after the proposed retirement, the capital of the Association shall equal at least ten per centum (10%) of the total assets of the Association.

- (A) The Cooperative shall indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigation (other than an action by, or in the right of the Cooperative) by reason of the fact that such person is or was a Board member, officer, or employee against expenses, (including attorney's fees) adjustments, fines, and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding; provided such person acted in good faith and in a manner such person reasonably believed to be in, or not opposed to, the best interests of the Cooperative, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the conduct of such person was unlawful.
- (B) The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon pleas of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which such person reasonably believed to be in, or not opposed to, the best interests of the Cooperative, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the conduct of such person was unlawful.

ARTICLE VIII

Distribution of Earnings

The Association shall at all times be operated on a Cooperative non-profit basis for the mutual benefit of its members. No interest or dividends shall be paid or payable by the Association on any capital furnished by its members. In the furnishing of telecommunication and information service the Association's operations shall be so conducted that all members will through their patronage furnish capital for the Association. In order to induce patronage and to assure that the Association will operate on a non-profit basis the Association is obligated to account on a patronage basis to all its members, alike for all amounts received and receivable from the furnishing of telecommunication and information service in excess of operating costs

Bylaws - cont'd

and expenses properly chargeable against the furnishing of telecommunications and information service. All such amounts in excess of operating costs and expenses at the moment of receipt by the Association are received with the understanding that they are furnished by the members as capital. The Association is obligated to pay by credits to a capital account for each member all such amounts in excess of operating costs and expenses. The books and records of the Association shall be set up and kept in such a manner that at the end of each fiscal year the amount of capital if any, so furnished by each member is clearly reflected and credited in an appropriate record to the capital account of each member, and the Association shall within a reasonable time after the close of the fiscal year notify each member of the amount of capital so credited to his account. All such amounts credited to the capital account of any member shall have the same status as though they had been paid to the member in cash in pursuance of a legal obligation to do so and the member had then furnished the Association corresponding amounts for capital. All other amounts received by the Association from its operations in excess of costs and expenses shall insofar as permitted by law, be:

- (a) used to offset any losses incurred during the current or any other fiscal year and;
- (b) to the extent not needed for that purpose, allocated to its members on a patronage basis and any amount so allocated shall be included as part of the capital or credited to the accounts of members, as herein provided.

In the event of dissolution or liquidation of the Association, after all outstanding indebtedness of the Association shall have been paid, outstanding capital credits shall be retired without priority on a pro rata basis, if, at any time prior to dissolution or liquidation, the Board of Directors shall determine that the financial condition of the Association will not be impaired thereby, the capital then credited to members, accounts may be retired in full or in part. The Board of Directors shall determine the method, basis, priority and order of retirement, if any, for all amounts heretofore and hereafter furnished as capital. In no event, however, may any such capital of the Association be retired unless, after the proposed retirement, the capital of the Association shall equal at least ten per centum (10%), of the total assets of the Association.

Capital credited to the account each member shall be assignable only on the books of the Association pursuant to written instructions from the assigner and only to successors in interest or successors in occupancy in all or a part of such member's premises served by the Association unless the Board of Directors, acting under policies of general application, shall determine otherwise.

The Board of Directors, at its discretion, shall have the power at any time upon the death of any member who was a natural person, if the legal representative of his estate shall request in writing that the capital credited to any such member be retired prior to the time such capital would otherwise be retired under the provision of these Articles, to retire capital credited to any such natural person immediately upon such terms and conditions as the Board of Directors, acting under policies of general application, and the legal representative of such member's estate shall agree upon; provided, however, that the financial condition of the Association will not be impaired thereby.

The members of the Association, by dealing with the Association, acknowledge that the terms and provisions of the Articles of Incorporation and Bylaws shall constitute and be a contract between the Association and each member, and both the Association and the members are bound by such contract, as fully as though each member had individually signed a separate instrument containing such terms and provisions. The provisions of this Article shall be called to the attention of each member of the Association by posting in a conspicuous place in the Association's office.

ARTICLE IX Waiver of Notice

Any member or director may waive, in writing, any notice of meetings required to be given by law, the Articles of Incorporation or these Bylaws. In case of a joint membership a waiver of notice signed by any joint members shall be deemed a waiver of notice of such meeting by all joint members.

ARTICLE X Disposition of Property

The Cooperative may not sell, mortgage, lease, or otherwise dispose of or encumber all or any substantial portion of its property unless such sale, mortgage, lease, or other disposition or encumbrance is authorized at a meeting of members thereof by the affirmative vote of not less than two-thirds (2/3) of all the members of the Cooperative and unless the notice of such proposed sale, mortgage, lease, or other disposition or encumbrance shall have been contained in the notice of the meeting; provided, however, that notwithstanding anything herein contained, the Board of the Cooperative, without authorization by the members thereof, shall have full power and authority to authorize the execution and delivery of a mortgage, or mortgages or a deed or deeds of trust upon, or the pledging or encumbering of, any or all of the property, assets, rights, privileges, licenses, franchises, and permits of the Cooperative, whether acquired or to be acquired, and wherever situated, as well as the revenues and income therefrom all upon such terms and conditions as the Board shall determine, to secure any indebtedness of the Cooperative to the United States of America or any instrumental-ity or agency thereof; provided further that the Board may upon authorization of a majority of those members of the Cooperative present at a meeting of the members thereof, sell, lease, or otherwise dispose of all or a substantial portion of its property to another Cooperative or foreign corporation doing business in this State pursuant to the Act under which this Cooperative is incorporated.

ARTICLE XI Disposition Procedure

In addition to the provisions of Article X above and any other applicable provisions of law or these Bylaws, no sale, lease, lease-sale, exchange, transfer or other disposition within a single calendar year, of physical plant of the Cooperative with net value in excess of ten percent (10%) of the Cooperative's total assets, based upon the most recent audit of the Cooperative, shall be authorized except in conformity with the following:

- (A) If the Board looks with favor upon any proposal for such sale, lease, lease-sale, exchange, transfer, or other disposition, it shall first cause three (3) independent nonaffiliated appraisers, expert in such matters, to render their individual opinions as to the value of the Cooperative with respect to such a sale, lease, lease-sale, exchange, transfer, or other disposition, and as to any other terms and conditions which should be considered. The three (3) independent appraisers shall be designated by a district court resident judge for the Judicial district in which the Cooperatives headquarters are located. If such judge refuses to make such designations, they shall be made by the Board.
- (B) If the Board, after receiving such appraisals (and other terms and conditions which are submitted if any), determines that the proposals should be submitted for consideration by members, it shall first give, by notice in appropriate publications, other Cooperatively organized entities an opportunity to submit competing proposals. Any interested Cooperatively organized entity shall be sent copies of any proposals which the Cooperative has already received and copies of the respective reports of the three (3) appraisers. Such other interested Coopera-

Bylaws - cont'd

tively organized entities shall be given not less than thirty (30) days during which to submit competing proposals, and the actual minimum period within which proposals are to be submitted shall be stated in the written notice given to them.

- (C) If the Board then determines that favorable consideration should be given to the initial or any subsequent proposal which has been submitted to it, it shall so notify the members not less than sixty (60) days before noticing a special meeting of the members thereon or, if such be the case, the next annual member meeting, expressing in detail each of any such proposals, and shall call a special meeting of the members for consideration thereof and action thereon, which meeting shall be held not less than ten (10) nor more than thirty (30) days after giving the Notice thereof to the members: provided that consideration and action by the members may be given at the next annual meeting if the Board so determines and if such annual meeting is held not less than ten (10) nor more than thirty (30) days after the giving of notice of such meeting.
- (D) Any fifty (50) or more members, by so petitioning the Board not less than thirty (30) days prior to the date of such special or annual meeting, may cause the Cooperative, with the cost to be borne by the Cooperative, to mail to all members any opposing or alternative positions which they may have to the proposals that have been submitted or any recommendations that the Board has made.

ARTICLE XII

Membership in Other Organizations

The Cooperative may become a member or purchase stock in other profit or non-profit organizations, associations, partnerships, or joint ventures when the board finds that the general or long term interest of its membership will be served by such investments or participation.

ARTICLE XIII

Seal

The corporate seal of the Cooperative shall be in the form of a circle and shall have inscribed thereon the name of the Cooperative and the words "Corporate Seal Minnesota."

ARTICLE XIV

Amendments

These Bylaws may be altered, amended, or repealed by the members at any regular or special meeting, provided the notice of such meeting shall have contained a copy of the proposed alteration, amendment, or repeal; provided, further, that Section 7 of Article II (relating to voting by members) Article X (relating to disposition of property), and Article XIV (relating to amendment), of the Bylaws may be altered, amended, or repealed only by the affirmative vote of not less than two-thirds of all the members of the Association.

ARTICLE XV

The fiscal year of the Cooperative shall begin on the first day of January of each year and end on the thirty-first day of December of the same year.

Preparing for an Emergency Makes Sense.

The likelihood that you and your family will survive a house fire depends as much on having a working smoke detector and an exit strategy, as on a well-trained fire department. The same is true for surviving a terrorist attack or other emergency. We must have the tools and plans in place to make it on our own, at least for a period of time, no matter where we are when disaster strikes. Just like having a working smoke detector, preparing for the unexpected makes sense.

TIPS FOR PREVENTING

CHILD ABDUCTION

Many abduction attempts...

- Involve a suspect driving a vehicle
- Occur when the child is traveling to or away from school
- Occur between 2 p.m. – 7 p.m.
- Involve girls and children between the ages of 10-14

The top five methods used during abduction attempts are...

- Offering a ride
- Offering candy or sweets
- Asking questions
- Offering money
- Offering, looking for or showing an animal

- Know the routes your children take, especially to and from school. Practice walking the routes with them so you can point out places they should avoid or where they can go for help.
- Talk to your child's school or day care facility about its pickup policy. Be clear that no one should pick up your child without your permission. Ask to be contacted immediately if someone else tries to pick up your child.
- Use role-playing scenarios to help children learn how to recognize and respond to risky situations. For example, have children practice yelling, kicking, pulling away or otherwise attracting attention when grabbed or approached by someone they do not know.
- Teach your child about the methods would-be abductors use. Have your child practice responding to the tricks by saying "no," walking away and telling a trusted adult immediately.
- Prepare children to act when you are not with them. They should know their full names, home addresses and telephone numbers, and how to dial 911.
- Keep a child identification kit, which includes a recent color photo of your child and descriptive details such as age, height and weight. For more information about creating a kit visit www.missingkids.com/ChildID.

**If your child is missing, contact your local law-enforcement agency immediately.
Then make a report to the National Center for Missing & Exploited Children® at:**

1-800-THE-LOST® (1-800-843-5678).

RETHINK "STRANGER DANGER"

- **DON'T SAY:** Never talk to strangers.
- **SAY:** You should not approach just anyone. If you need help, look for a uniformed police officer, a store clerk with a nametag, or a parent with children.
- **DON'T SAY:** Stay away from people you don't know.
- **SAY:** It's important to get my permission before going anywhere with anyone.
- **DON'T SAY:** You can tell someone is bad just by looking at them.
- **SAY:** Pay attention to what people do. Tell me right away if anyone asks you to keep a secret, makes you feel uncomfortable, or tries to get you to go with them.

INTERNET SAFETY

Parents should be aware of what their kids see and hear on the Internet, who they meet, and what they share about themselves. Talk with your kids, use tools to protect them, and keep an eye on their activities.

ONLINE PROTECTION TOOLS

Online tools let you control your kids' access to adult material and help protect them from Internet predators. Many Internet service providers (ISPs) provide parent-control options. You can also get software that helps block access to sites and restricts personal information from being sent online. Other programs can monitor and track online activity.

GETTING INVOLVED IN KIDS' ONLINE ACTIVITIES

More important than blocking objectionable material is teaching your kids safe and responsible online behavior, and keeping an eye on their Internet use.

Basic guidelines to share with your kids for safe online use:

- Never post or trade personal pictures.
- Never reveal personal information, such as address, phone number, or school name or location.
- Use only a screen name and don't share passwords (other than with parents).
- Never agree to get together in person with anyone met online without parent approval and/or supervision.
- Never respond to a threatening email, message, post, or text.
- Always tell a parent or other trusted adult about any communication or conversation that was scary or hurtful.

Basic guidelines for parental supervision:

- Spend time online together to teach your kids appropriate online behavior.
- Keep the computer in a common area where you can watch and monitor its use, not in individual bedrooms. Monitor any time spent on smartphones or tablets.
- Bookmark kids' favorite sites for easy access.
- Check your credit card and phone bills for unfamiliar account charges.
- Find out what, if any, online protection is offered by your child's school, after-school center, friends' homes, or any place where kids could use a computer without your supervision.
- Take your child seriously if he or she reports an uncomfortable online exchange.

Call the National Center for Missing and Exploited Children at (800) 843-5678

if you're aware of the sending, use, or viewing of child pornography online. Contact your local law enforcement agency or the FBI if your child has received child pornography via the Internet.

TIPS FOR PREVENTING

CHILD ABDUCTION

Many abduction attempts...

- Involve a suspect driving a vehicle
- Occur when the child is traveling to or away from school
- Occur between 2 p.m. – 7 p.m.
- Involve girls and children between the ages of 10-14

The top five methods used during abduction attempts are...

- Offering a ride
- Offering candy or sweets
- Asking questions
- Offering money
- Offering, looking for or showing an animal

- Know the routes your children take, especially to and from school. Practice walking the routes with them so you can point out places they should avoid or where they can go for help.
- Talk to your child's school or day care facility about its pickup policy. Be clear that no one should pick up your child without your permission. Ask to be contacted immediately if someone else tries to pick up your child.
- Use role-playing scenarios to help children learn how to recognize and respond to risky situations. For example, have children practice yelling, kicking, pulling away or otherwise attracting attention when grabbed or approached by someone they do not know.
- Teach your child about the methods would-be abductors use. Have your child practice responding to the tricks by saying "no," walking away and telling a trusted adult immediately.
- Prepare children to act when you are not with them. They should know their full names, home addresses and telephone numbers, and how to dial 911.
- Keep a child identification kit, which includes a recent color photo of your child and descriptive details such as age, height and weight. For more information about creating a kit visit www.missingkids.com/ChildID.

**If your child is missing, contact your local law-enforcement agency immediately.
Then make a report to the National Center for Missing & Exploited Children® at:**

1-800-THE-LOST® (1-800-843-5678).

RETHINK "STRANGER DANGER"

- **DON'T SAY:** Never talk to strangers.
- **SAY:** You should not approach just anyone. If you need help, look for a uniformed police officer, a store clerk with a nametag, or a parent with children.
- **DON'T SAY:** Stay away from people you don't know.
- **SAY:** It's important to get my permission before going anywhere with anyone.
- **DON'T SAY:** You can tell someone is bad just by looking at them.
- **SAY:** Pay attention to what people do. Tell me right away if anyone asks you to keep a secret, makes you feel uncomfortable, or tries to get you to go with them.

INTERNET SAFETY

Parents should be aware of what their kids see and hear on the Internet, who they meet, and what they share about themselves. Talk with your kids, use tools to protect them, and keep an eye on their activities.

ONLINE PROTECTION TOOLS

Online tools let you control your kids' access to adult material and help protect them from Internet predators. Many Internet service providers (ISPs) provide parent-control options. You can also get software that helps block access to sites and restricts personal information from being sent online. Other programs can monitor and track online activity.

GETTING INVOLVED IN KIDS' ONLINE ACTIVITIES

More important than blocking objectionable material is teaching your kids safe and responsible online behavior, and keeping an eye on their Internet use.

Basic guidelines to share with your kids for safe online use:

- Never post or trade personal pictures.
- Never reveal personal information, such as address, phone number, or school name or location.
- Use only a screen name and don't share passwords (other than with parents).
- Never agree to get together in person with anyone met online without parent approval and/or supervision.
- Never respond to a threatening email, message, post, or text.
- Always tell a parent or other trusted adult about any communication or conversation that was scary or hurtful.

Basic guidelines for parental supervision:

- Spend time online together to teach your kids appropriate online behavior.
- Keep the computer in a common area where you can watch and monitor its use, not in individual bedrooms. Monitor any time spent on smartphones or tablets.
- Bookmark kids' favorite sites for easy access.
- Check your credit card and phone bills for unfamiliar account charges.
- Find out what, if any, online protection is offered by your child's school, after-school center, friends' homes, or any place where kids could use a computer without your supervision.
- Take your child seriously if he or she reports an uncomfortable online exchange.

Call the National Center for Missing and Exploited Children at (800) 843-5678

if you're aware of the sending, use, or viewing of child pornography online. Contact your local law enforcement agency or the FBI if your child has received child pornography via the Internet.
